

**Mathematics Education Journal**  
**Volume 7, Number 2 February 2023**

<i>Learners' Misconceptions and Errors when Solving Inequalities</i> <b>Paul Mutodi, Mogege Mosimege</b>	136-158
<i>Advanced-Level Students' Understanding of Exponential Equations: A Zimbabwean Case Study</i> <b>Maria Tsakeni, Mutambara</b>	159-177
<i>Relationship Between Test Anxiety and Academic Performance of Secondary School Students in Mathematics</i> <b>Ebele Chinelo Okigbo, Odiri E. Onoshakpokaiye</b>	178-189
<i>Learners' Graphical Efficacy When Solving Trigonometric Problems</i> <b>Paul Mutodi, Kgaladi Maphutha</b>	190-207
<i>Canonical Correlation in Modeling Short Term Expenditure versus Poverty Levels in Informal Settlements: Assessing its Impact on Education</i> <b>J. L. Sirengo, A. W. Okoth</b>	208-215
<i>Analysis of Students' Computational Thinking Ability in Solving Contextual Problems</i> <b>Muh. Hanif Abidi, Hendarto Cahyono, Reni Dwi Susanti</b>	216-224
<i>Analysis of Students' Mathematical Communication in Solving AKM Problems by Students with Varying Anxiety Levels</i> <b>Faizah Nurbani Wisnu Putri, Yus Mochamad Cholily, Zukhrufurrohmah</b>	225-238
<i>Development of Flip book-Based Interactive Learning Media to Improving Understanding of Statistical Material Concepts</i> <b>Siti Masrifah, Marhan Taufik, Adi Slamet Kusumawardana</b>	239-247
<i>Development of Creative Problem Solving (CPS)-Based Articulate Storyline Media to Develop Students' Creative Thinking Ability SPLDV Class VIII Material</i> <b>Victorio Isya Erlangga, Baiduri, Mayang Dintarini</b>	248-263
<i>Junior High School Students' Conceptual Understanding of Prerequisite Material in Solving SPLDV Questions in View of Students' Cognitive Style</i> <b>Anastasya Bella Putri, Dwi Priyo Utomo, Rizal Dian Azmi</b>	264-279
